'The early phase of psychosis - research & treatment'

An International Conference

**Institute of Psychiatry | De Crespigny Park
Denmark Hill | London SE5 8AF
Thursday 29th and Friday 30th November 2007**

The Early Phase of Psychosis Conference is an international meeting for clinicians and researchers, affiliated with the International Early Psychosis Association (www.iepa.org).

It will provide a comprehensive overview of the latest developments in research on the early phase of psychotic disorders and its clinical management.

The programme features presentations by leading experts in the field from around the world.

The conference will be held on Thursday 29th and Friday 30th November 2007, at the Institute of Psychiatry, London, and the organisers are Professors Philip McGuire and Robin Murray.

Programme Details and Registration Form

Supported by an unrestricted educational grant
by Janssen and AstraZeneca

JANSSEN-CILAG Ltd

AstraZeneca
NEUROSCIENCE

Participants:

Jean Addington, Toronto, Canada
Andreas Bechdorf, Cologne, Germany
Bene Crespo-Facorro, Santander, Spain
Poala Dazzan, London, UK
Robin Emsley, Cape Town, South Africa
Rafael Gafoor, London, UK
Oliver Howes, London, UK
Louise Johns, London, UK
Peter Jones, Cambridge, UK
Rene Kahn, Utrecht, The Netherlands
Shitij Kapur, Toronto, Canada
Joachim Klosterkotter, Cologne, France
Martin Knapp, London, UK
TK Larsen, Stavanger, Norway
Shon Lewis, Manchester, UK
Philip McGuire, London, UK
Eva Meisenzahl, Munich, Germany
Tony Morrison, Manchester, UK
Graham Murray, Cambridge, UK
Robin Murray, London, UK
Inez Myin-Germeys, Maastricht, The Netherlands
Merete Nordentoft, Copenhagen, Denmark
Mike Owen, Cardiff, UK
Carmine Pariente, London, UK
Paddy Power, London, UK
Anita Riecher, Basil, Switzerland
Jon Roiser, London, UK
James Stone, London, UK
Paul Tabraham, London, UK
Lucia Valmaggia, London, UK
Alison Yung, Melbourne, Australia

Registration Fee:

Full Registration before 22nd October **£200.00**

Full Registration after 22nd October **£250.00**

One Day Registration before 22nd October **£125.00**

One Day Registration after 22nd October **£195.00**

Programme

Thursday 29th November 2007

Introduction and welcome

Philip McGuire, London.

09.00 - 10.30

Aetiology of psychosis

Chair: Robin Murray, London

Epidemiology of psychosis

Peter Jones, Cambridge.

Environmental risk factors for psychosis

Robin Murray, London.

Genetics of psychosis

Mike Owen, Cardiff.

10.30 - 11.00 Tea/Coffee

11.00 - 12.00

Stress, neuroendocrine function and cognition

Chair: Lucia Valmaggia, London

Stress and the risk of psychosis

Inez Myin-Germeys, Maastricht.

Neuroendocrine dysfunction in the early phase of psychosis

Carmine Pariante, London.

Defective self-monitoring and jumping to conclusions.

Louise Johns, London.

12.00 - 13.00 Lunch

13.00 - 15.00

Dopamine and salience

Chair: Philip McGuire, London

Dopamine, salience and psychosis

Shitij Kapur, Toronto.

A PET study of dopamine in the early phase of psychosis

Oliver Howes, London.

An fMRI study of salience in first episode psychosis

Graham Murray, Cambridge.

Is salience abnormal in the early phase of psychosis?

Jon Roiser, London.

15.00 - 15.30 Tea/Coffee

15.30 - 17.30

Neuroimaging in the early phase of psychosis

Chair: Paola Dazzan, London

An MRI study of people at high risk of psychosis

Eva Meisenzahl, Munich.

Neurocognitive function in the early phase of psychosis

Anita Reicher, Basel.

Glutamate function in the at risk mental state

James Stone, London.

Progressive brain changes following the onset of psychosis

Rene Kahn, Utrecht.

Friday 30th November 2007

09.30 - 10.30

Key findings & implications from major studies

Chair: Tom Craig, London

EPOS - Joachim Klosterkötter, Cologne

TIPS - TK Larsen, Stavanger

OPUS - Merete Nordentoft, Copenhagen

NAPLS - Jean Addington, Toronto

10.30 - 11.00 Tea/Coffee

11.00 - 12.00

Predictors of outcome

Chair: Jean Addington, Toronto

Predicting outcome in the At Risk Mental State

Alison Yung, Melbourne.

Neuropsychological function and the risk of subsequent psychosis

Paul Tabraham, London.

DUP as a predictor of outcome in psychosis

Shon Lewis, Manchester.

12.00 - 13.00 Lunch

13.00 - 15.00

Treatment in the early phase of psychosis

Chair: Shon Lewis, Manchester

Effect of CBT in people at high risk of psychosis

Tony Morrison, Manchester.

A trial of psychological intervention in people at high risk of psychosis

Andreas Bechdolf, Cologne.

Benefits of intervention before the onset of psychosis

Lucia Valmaggia, London.

Antipsychotic treatment in first episode psychosis: effectiveness and safety

Bene Crespo-Facorro, Santander.

15.00 - 15.30 Tea/Coffee

15.30 - 17.30

Impact of early intervention services

Chair: Alison Yung, Melbourne

The LEO-CAT trial

Paddy Power, London.

Maintaining recovery after the first episode

Robin Emsley, Cape Town.

Effect of early intervention on long term outcome - the LIFE study

Rafael Gafoor, London.

Economic impact of early intervention

Martin Knapp, London.

How to find the Institute of Psychiatry

Travel by Car

Parking is not possible within the Institute grounds. It is possible, though difficult, in some of the nearby streets. The spaces are few and care should be taken.

Travel by Rail

Denmark Hill Station is adjacent to the Institute of Psychiatry and the Maudsley Hospital. It can be reached by trains from Victoria, London Bridge, Blackfriars and Elephant and Castle.

Loughborough Junction Station is about 15 minutes walk away and is served by Thameslink trains from London Blackfriars via Elephant and Castle.

Travel by Tube

The nearest tube stations are Oval and Elephant and Castle from where the journey has to be completed by bus.

Travel by Bus

The following buses stop at the Maudsley Hospital next to the Institute of Psychiatry: Numbers 40, 68, 176, 185, 468 and 484.

The following buses stop at Camberwell Green (about 10 minutes walk from the Institute): Numbers 12, 35, 36, 42, 45, 345 and 171.
